Dance your fingers up,  
Dance your fingers down.  
Dance them to the side,  
Dance them all around.  
Dance them on your shoulders,  
Dance them on your head.  
Dance them on your tummy,  
And put them all to bed.

## Twinkle, Twinkle Little Star

How I wonder what you are.

# Every Child Ready to Read Skill

## Singing

Singing increases dopamine for both singers and listeners, so don't hesitate to sing to or with your children.

Babies tend to prefer our singing voices and may stop crying or fall asleep if you sing.

Singing is also a fantastic way to learn and memorize information. Use songs to teach your children letters, numbers, body parts, animal sounds, or anything else you might be working on at home!
